

## **ACTIVITY TIPS**

## **Natural Gas Distribution System**

This basic activity appears in the section *Natural Gas Science*. Have Students read the <u>Get Small</u> page in this section before printing this page and attempting this activity. Students should label the parts of the gas distribution system as follows:

- 1. Well
- 2. Processing Plant
- 3. Transmission Pipes
- 4. Compressor Station
- 5. Storage Tanks
- 6. Utility
- 7. Distribution Mains
- 8. Service Lines
- 9. Gas Meter
- 10. Appliance
